For the Direct Purchase of Petrochemical and Chemical Raw Materials such as Polyethylene, Polypropylene, Polystyrene, Urea, Ethylene Glycol, Paraffin, Bitumen, and Caustic soda, etc Contact Us.

VISION, MISSION & VALUE

VISION

Our dream at Blue Star Petro is to be the world-leading company in the international trade of petrochemical products. We will not hesitate to strive to achieve these and other pioneering goals.

MISSION

Our mission is to supply petroleum derivatives and petrochemical products with high quality and competitive prices. For this reason, we are trying to direct purchases, reasonable prices, fast and reliable service in payment and transportation of goods for our customers.

VALUE

We have faith in the power of knowledge and science. We endeavor to implement these beliefs through creativity, flexibility, and learning. We see it as our responsibility to treat the world with kindness, respect, honesty, and loyalty. Our team are committed to creating and providing services for our customers in the best way possible.
